MINDSET

We recommend that you get a good night's rest. Tired and baggy eyes do not make for a good photo shoot. Relax. We want you to feel comfortable. We like to think we are cool and easy to get along with.

SKIN

Minor blemishes and scars will be removed by retouching. Your hands will show in some of the portraits. Be sure fingernails are trimmed.

*** Tan lines are a distraction and take away from your photo. Don't get sunburned. We don't want you to look orange and leathery.

We will be photographing seniors at Clewiston High School on **Monday, September 17th through Wednesday, September 19th**. Visit LehighPhoto.com/CHS for booking instructions. Sitting fee of \$20 due at or prior to photo session.

MALES

HAIR

A fresh shave is very important for men, and it makes you look much cleaner in a photo. If you have a beard or mustache, please make sure it is neatly trimmed.

PROPS

Props are recommended. Our ultimate goal is to capture your unique personality. So bring items which represent who you are.

Some examples are: musical instruments, letter jacket, sports uniform/jersey, sports equipment, hats, stuffed animals, sunglasses and hobby items.

STYLE

You are unique and beautiful. Follow our guidelines but be yourself in how you dress. Be fashionable. Wear clothing that is stylish and put a lot of thought into your choices. This is a once in a lifetime and we want you to look amazing!

FEMALES

UNDERGARMENTS

The color of your undergarments should coordinate with the outfit and not show through your clothing. If your outfit requires a strapless bra, bring it with you (tucking/moving straps does not always produce a good photo). Check ahead of time to be sure there are no unpleasant lines.

MAKE UP

Keep it simple. Avoid bright red lipstick. Makeup should only be slightly heavier than normal. Mascara should be clean and not clumpy. Avoid makeup with an SPF because it tends to create a shine. Summer shine can be controlled by using translucent powder that knocks out shine without adding additional color.

HAIR

Bring hair spray, clips, pins and whatever else is needed to keep your hair out of your eyes, even if it is windy. If you have longer hair, make sure it will stay out of your eyes during your session. Have it trimmed, if necessary. Also bring a brush, styling products and a mirror for quick hair touch-ups.

BRACES

If desired, we can remove braces in Photoshop for an additional charge. Otherwise, try not to worry about them. Give a natural smile and enjoy yourself.

JEWELRY

Keep it simple. Big shiny jewelry takes away from the subject- YOU. However, the proper jewelry can really complement your outfit. A good idea is to bring a variety of jewelry with you.

Put it in plastic baggies and hang on the hanger with coordinating outfits. It doesn't hurt to have numerous options.

Some examples are: musical instruments, letter jacket, sports uniform/jersey, sports equipment, hats, stuffed animals, sunglasses and hobby items. Fresh cut flowers are a nice touch, such as roses, daisies and lilies.
